Reviews

Complete guide! Its this kind of very good read through. This is certainly for all who statte there was not a worthy of looking at. I am just quickly will get a delight of looking at a composed publication.
(Kacie Carroll)

ANALOGIES FOR BEGINNERS

Prufrock Press. Paperback. Book Condition: New. Paperback. 32 pages. Dimensions: 10.8in. x 8.3in. x 0.2in. An analogy is a comparison that points out the similarities between things that are different in all other respects. Teaching students how to solve analogies not only develops their logical thinking, but also builds visual awareness and verbal proficiency. The seven different types of visual analogies and 14 different verbal analogies in *Analogies for Beginners* are perfect for beginning lessons in logical reasoning, flexible thinking, and vocabulary. Each page gives students an example of the type of analogy that is being introduced and then provides 7 (visual) or 10 (verbal) problems for them to solve. This combination of verbal and visual formats is an ideal way to introduce logical thinking in primary grades. Whether you have time for one analogy a day, or a worksheet a week, students will benefit in many ways when analogies are part of your curriculum. The use of visual analogies is beneficial for developing visual analysis even for older students, but especially useful for nonreaders and students with developing English skills. The verbal analogies provide students with exercises that require them to use word comprehension and also to examine various characteristics, uses, and relationships. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
