To those who are not familiar with the thought of the internal sense of the Word the author can give only this brief statement: Ancient symbolism is most readily read by the Science of Correspondences, in which a word or term used with a natural meaning contains within itself a corresponding spiritual thought. Thus, as fire warms and vivifies the body, love warms and vivifies the soul - hence fire corresponds to love. Light gives sight to the eye, truth causes the understanding to see - hence light signifies truth. This thought applied in a multitude of ways, through an endless series of ramifications, with which to trouble the reader would be dogmatic and unkind, (since in some of its inward realizations it involves some fairly thorough study of philology...
