

Our Solar System

By Schofield & Sims

Schofield & Sims Ltd. Poster. Book Condition: new. BRAND NEW, Our Solar System, Schofield & Sims, This informative poster features a diagram of the solar system. The path of each planet's orbit around the sun is indicated, and a mnemonic is given to help remember their order. Alongside the image of every planet, a 'fact card' gives its distance from the sun, diameter at equator, mass, time taken for one rotation, time taken to orbit the sun and number of moons. Three further diagrams indicate the effect of the sun in creating night and day, the moon's relationship to the earth and the alignment of sun, earth and moon needed for an eclipse.

Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
