BiblioLife. Paperback. Book Condition: New. This item is printed on demand. Paperback. 244 pages. Dimensions: 8.0in. x 5.0in. x 0.5in. The writing of this little book was undertaken in part as a recreation between two much more bulky and serious pieces of work. From the personal point of view it may be regarded as the result of a feeling of curiosity of the authors desire to make the experiment of telling, in a manner to correspond fairly well with its chosen title, the story of the mental life. As the dedication shows, a young friend was kind enough to offer herself as both subject for the experiment and judge of its result. I have tried to make my confidence in the intelligence of my youthful critic the measure of my success. But besides the more personal interest in such an endeavor, I have hoped in some degree to supply what I believe to be a real need. For it cannot be doubted that there are many adults, as well as youths, who would find some pleasure and perhaps more profit in reading a very brief and simple treatise on psychology. While adopting the title of Primer, it has been my aim to avoid both of two extremes.
